Egyptian Syndicate of Engineers

PROFESSIONAL SUMMARY

Dedicated Civil Engineer with over **5 years of field execution and technical site supervision** experience across industrial facilities, major national infrastructure, and residential developments in Egypt. Proven track record directing turnkey factory construction (foundations, structural framing, helicopter concrete flooring) with **ArteVo Co.**, monumental road networks with the **Armed Forces Engineering Authority**, and turnkey residential finishing with **West Somid Development**. Highly proficient in structural inspection, workforce coordination, subcontractor management, and Egyptian Building Code compliance.

WORK EXPERIENCE

Site Execution & Structural Engineer

ArteVo Co. | Kom Oshim Industrial Zone, Fayoum & Cairo

Oct 2022 – Present

- Kom Oshim Industrial Factories:** Directing turnkey construction of industrial manufacturing facilities—including deep/shallow reinforced concrete foundations, heavy structural framing, and pre-engineered steel warehouse structures.
- Industrial Concrete Flooring:** Executing high-tolerance, heavy-duty power-troweled (helicopter) concrete floors with quartz surface hardeners and elastomeric joint sealants for industrial heavy loads.
- Structural & Quality Compliance:** Inspecting rebar spacing, lap lengths, formwork verticality, slump testing, and compressive cube testing per the Egyptian Code for Concrete Structures (ECP 203).
- Turnkey Fit-Outs & MEP:** Managing industrial MEP routing, heavy machinery footings, stormwater drainage, accurate quantity surveying (حصر الكميات), and architectural handovers.

Site Execution & Supervision Engineer

West Somid Development | West Somid, 6th of October

Oct 2021 – Oct 2022

- Supervised turnkey interior and exterior architectural finishing across 4 residential luxury units and 5+ concurrent construction villa sites.
- Directing masonry, cement plastering, MEP routing, gypsum ceilings, marble flooring, and exterior stone cladding.
- Audited subcontractor milestone billings, verified daily work logs, and enforced zero-defect client handovers.

Execution & Supervision Engineer

Armed Forces Engineering Authority (الهيئة الهندسية) | National Projects

June 2020 – July 2021

- City of Treasures (Marble & Granite City):** Supervised subgrade preparation, plate load testing, concrete internal roads, and heavy-duty asphalt road paving.
- Galala City & Resort Complex:** Managed road alignment, grading, cut-and-fill slopes, asphalt paving, and stormwater drainage in mountainous terrain.
- Dakhla & East Al Owainat Highway:** Supervised regional highway development, bitumen prime/tack coats, asphalt compaction, and temperature control under strict military quality inspections.

LANDMARK PROJECT CONTRIBUTIONS

Kom Oshim Industrial Complex (Fayoum)

Industrial Factory Construction | ArteVo Co.

City of Treasures (Ain Sokhna)

Concrete & Asphalt Roads | Armed Forces Eng. Auth.

Galala City & Mountain Resort

Mountain Highway Network | Armed Forces Eng. Auth.

West Somid Residential Units

Turnkey Luxury Finishing | West Somid Development

EDUCATION

B.Sc. in Civil Engineering

Delta University for Science and Technology

Graduation Year: 2019 | Grade: Good

Graduation Project: Highway Engineering

Highway, Traffic & Pavement Design

Grade: Excellent (امتياز)

CORE SKILLS

SITE & EXECUTION

Site Supervision Roads & Paving

Reinforced Concrete Turnkey Finishing

Subcontractor Mgmt Quality Control (QC)

HSE Standards Material Requisition

TECHNICAL & SOFTWARE

AutoCAD (2D/3D) Primavera P6

Revit (Structure BIM) Quantity Surveying

BOQ & Invoicing MS Office & Excel

CERTIFICATIONS

Primavera P6 Professional

Project Planning & CPM Scheduling (Dec 2019)

Autodesk AutoCAD

Civil & Structural Drafting (Dec 2019 – Jan 2020)

Autodesk Revit (Structure)

BIM 3D Modeling (Feb 2020 – Feb 2022)
